

# WILSON GIVES STATEMENT THAT MEXICO SITUATION IS HOPEFUL

## BELIEVED THAT COMPROMISE IS NEAR

Messages from Lind and Hale Halted Message Wilson Was Preparing

WARRING FACTIONS MAY HAVE AGREED ON MAN

Lind and Embassy Staff Go to Vera Cruz—Many Americans on the Same Train

WASHINGTON, Nov. 13.—President Wilson today issued a public statement in which he said: "There are elements in the Mexican situation which make me most hopeful. I believe we will be able to reach an agreement clearing up the entire matter."

The President refused to be quoted further, but made it plain that he thinks a settlement is in sight, eliminating the Huerta element.

The fact that the President discontinued work on his statement on the Mexican situation, which he was preparing, after the receipt of messages from O'Shaughnessy, Lind and Hale, led to the belief that the warring elements may have agreed on a provisional president and that Huerta has consented to retire, permitting a new man to serve, pending an election. There is no definite information forthcoming, however.

After it was admitted today that President Wilson is preparing a statement regarding the Mexican situation the President suddenly announced that its issuance would be temporarily delayed. This action followed the receipt of messages from Charge D'Affaires O'Shaughnessy at Mexico City, and William Bayard Hale at Nogales, Arizona, who is conferring there with General Carranza, the rebel chief.

The change in plans here is construed to mean that the administration believes the situation is clearing. Bryan admitted that O'Shaughnessy had called that Envoy Lind had started for Vera Cruz. He said that another message from Hale followed a second conference with Gen. Carranza, but refused to discuss the details of the message.

**SENATE AGAINST INTERVENTION**

An unofficial poll of the Senate today showed only Senator Stone of Missouri favors armed intervention in Mexico. The majority favored permitting the rebels to import arms and ammunition, and the enforcing of a financial blockade against Huerta. Practically every senator supported President Wilson's stand.

**WAS PREPARING STATEMENT ON MEXICAN SITUATION**

WASHINGTON, Nov. 13.—President Wilson is working personally on the drafting of his final definite Mexican policy. The statement contains the latest phases of the Mexican situation and may be issued tonight. The contents are being strictly guarded today. A long cipher report from Envoy John Lind received last night, contains secret news. The executive officers failed to comment on Lind's departure from Mexico City for Vera Cruz, merely saying that he had been given a free rein.

**American Refugees on Warships**  
Admiral Fletcher, commanding the American ships at Tuxpan, sent a wireless message to the effect that fifteen American refugees were aboard the Louisiana, including the American consul's daughter. He said no general attack on the town had yet been made by the rebels.

**HUERTA BELIEVED IN HIDING TO AVOID REPLYING TO NOTE**

MEXICO CITY, Nov. 13.—There were no indications today from the administration offices as to whether or not Huerta intends to submit to the American demand that he prevent the meeting of the new congress. The administration offices have tried to delay a reply by stating that Huerta did not receive the American note in sufficient time to consider its contents. It is reported that officials today tried to locate Huerta for a cabinet discussion but could not find him. The report then spread that he had disappeared. It is generally believed that he is in hiding to avoid the necessity of an immediate reply.

Following Lind's departure the wildest rumors were current. One story was that all relations between the two countries were broken and that O'Shaughnessy and the embassy staff would follow Lind. Well informed observers, however, say that con-

## STORM'S DEATH TOLL NOW REACHES A TOTAL OF 150

CHICAGO, Nov. 13.—The latest estimates of the number drowned in Sunday and Monday morning's storms on the Great Lakes reached 150 today. At least twenty-five big steamers were lost, besides smaller craft. It is impossible to estimate accurately the number of lives lost. Property damage, exclusive of shipping, will probably reach more than \$5,000,000, the greater part of this being at Cleveland.

The majority of fatalities on Lake Huron were along the west shore, which is usually safest in time of storm. A shift of the wind, however, gave the usually sheltered coast the worst of the storm. The seas are rapidly subsiding today and systematic search began for wreckage. Scores of corpses were washed ashore on Lake Huron and Lake Superior.

**LARGEST GRAIN SHIP IS WRECKED IN STORM**

GOODRICH, ONTARIO, NOV. 13.—Wreckage found on the shores of Lake Huron early indicates that the James Carruthers, the largest grain ship touching Canadian ports was wrecked with a crew of twenty-two. The Carruthers sailed from Port William on November 5. All of the crew are believed to have perished.

ditions are unchanged, except for Lind's departure.

**ULTIMATUS REPORTED AS HAVING BEEN GIVEN BY U. S.**

MEXICO CITY, Nov. 13.—John Lind, President Wilson's special envoy in Mexico, left Mexico City last evening for Vera Cruz, after having delivered earlier in the day an ultimatum to General Huerta, informing the provisional president that unless the congress soon to be convened in Mexico City be dissolved, and that assurances to this effect be given by General Huerta by 6 o'clock last night, the United States would have no further communication whatever with Mexico.

It was announced after Mr. Lind's departure that all negotiations between the United States and the Huerta government were ended.

**GERMANS WARNED—CONGRESS CALLED SATURDAY**

MEXICO CITY, Nov. 13.—The German legation has issued a warning to Germans at Torreon and Durango to leave on account of threatened fighting. A public notice appeared here calling for senators and deputies elected at the recent election to assemble on Saturday for a congressional session.

**LIND AND EMBASSY STAFF HAVE REACHED VERA CRUZ**

VERA CRUZ, Nov. 13.—Practically all the U. S. embassy staff arrived here with Lind. Many Americans from the capital were on the same train. They will await steamships here to return to America. The majority said the situation at the capital is critical, but many believed that Huerta will soon weaken.

**LIND'S EFFECTS REMOVED TO U. S. CONSULATE, VERA CRUZ**

VERA CRUZ, Nov. 13.—Envoy John Lind was expected here today and Consul Canada has removed Lind's effects from the hotel to the U. S. consulate, indicating that Lind will make the consulate his headquarters.

**SALE OF OLIVE OIL IN AFRICA BOOSTED BY COMMERCIAL MEN**

WASHINGTON, Nov. 13.—Boosting the olive oil industry in northern Africa in order to increase the importation into that section of the world of American cottonseed oil, which is mixed with olive for certain purposes, is advocated by Edwin W. Thompson, a commercial agent of the department of commerce, in a report to the department made public yesterday. He advocates the introduction of modern American machinery and the education of the natives in the production of a higher grade of olives.

**SARDINE FISHERS REFUSE MODERN NETS—OUT OF WORK!**

PARIS, Nov. 13.—Sardine fishermen in Brittany today are out of work and facing a serious famine, since the merchants who have supplied them for years refuse to grant them further credit. The crisis is due to the men refusing to employ modern nets, in which they are upheld by the government, the canning concerns being forced to shut down because, they say, they are unable to make expenses by the old method.

**MUNICIPAL LEAGUE OF CANADA FAVORS CITY MANAGER PLAN**

TORONTO, Nov. 13.—The city manager plan of municipal government was endorsed today at the nineteenth annual meeting of the National Municipal League by a special committee appointed two years ago to investigate.

Seven corpses, wearing life preservers on which were stenciled "Charles S. Price," were washed ashore at Kettle Point, indicating another wreck.

**Wet Storm Visits Cleveland**

CLEVELAND, Nov. 13.—Another storm visited the city today accompanied by warm rain and melting snow, rendering the streets like rivers. Portions of the city are veritable lakes. The schools may be reopened tomorrow.

**\$900,000 Vessel Lost**

TORONTO, Nov. 13.—With the receipt of further reports of the finding of wreckage from the steamer James Carruthers, the officers of the St. Lawrence and Chicago Navigation Company have abandoned all hope for the safety of the vessel. With the cargo, the vessel was valued at \$900,000.

**LAKES FINEST FREIGHTER LOST, CREW AND PASSENGERS**

DETROIT, Nov. 13.—That the big steamer, John McGean, the finest freighter on the lakes, was lost with all aboard last Monday seems certain as the result of the recovery of twenty-one corpses believed to be those of her crew. She carried a crew of twenty-eight and twelve passengers.

## MARINES MAY BE STATIONED AT SAN PEDRO

Would Place Marine Corps When Not on Sea Duty at Defense Points

WASHINGTON, Nov. 13.—A large force of marines will be stationed permanently at the government fortifications to be built at San Pedro, Cal., if a suggestion made by Secretary of the Navy Daniels is carried out.

His plans for the future conduct of the United States marine corps contemplates the concentration of sea forces, when not on duty, at Philadelphia, Pensacola, the canal zone, and some point to be selected on the Pacific coast, probably San Pedro, although Mare Island is also mentioned. With this end in view Secretary Daniels will seek to have the allotment of marines at the Boston, New York, Norfolk, Charleston, Portsmouth and other navy yards reduced to bare necessity for proper policing of these points. The big force will be stationed as stated above.

**VICE EVIL CAN BE STAMPED OUT, SAYS SOCIAL WORKER**

MINNEAPOLIS, Nov. 12.—The vice evil can be stamped out positively and easily, but it must be along scientific lines and with the fullest recognition of actual causes and conditions, said Dr. T. D. Crothers of Hartford, Conn., in a recent address to the International Purity Congress.

"This can be done by coercion, segregation and a higher recognition of the causes which exist in every community and demand that they be removed, broken up and driven out."

Segregation of victims of the social evil in self-supporting hospitals was recommended among the measures necessary to stamp out the evil.

**SAVANT CHANGES SEX OF ANIMALS, IS CLAIM MADE**

VIENNA, Nov. 13.—That he has succeeded in changing the sex of animals through transplanting certain glands from the male to the female and vice versa, is the some what startling announcement made today in a public address by Professor Steinhart. In other words, Professor Steinhart says he has made female animals male and male into female.

To prove his statement he showed animals in which, he declares, he has changed the sex. He declared that placing the male glands in the female animals changed the entire nature of the latter and vice versa. He believes that similar operations are possible on human beings.

**U. S. ENFORCES SEA SAFETY LAW ON S. S. MONTEVIDEO**

WASHINGTON, Nov. 13.—Determined to enforce the United States navigation laws relative to safety appliances, the department of commerce today approved a fine of \$1000 against the Spanish steamer Monte-Video for not carrying sufficient lifeboats.

## BURGLARS FLEE PROPOSAL WILL DROP STOLEN STUFF BE MADE ON MONDAY

Two Shots from Shotgun Added to Excitement on Grand Avenue

MAN COMING HOME FOUND THIEVES THERE

Chase in Two Directions Through Walnut Orchards Results No Capture

Two burglars, probably Mexicans, gave two men a merry chase through walnut orchards along Grand avenue between Depot street and Fourth street last evening soon after dark. Theodore Reuter, who lives on Grand avenue, fired two shots with a shotgun, one high to frighten one of the fleeing men and the other with intent to hit.

W. G. Lincoln lives alone on Depot street near Grand avenue. Last night about 5:20 o'clock he was returning to his home when he heard a noise in the house that convinced him that it was being robbed. He ran to the Reuter home, and returned with one of the Reuter boys, who was armed with a shotgun.

Lincoln and Reuter got to the house after the two burglars had gone. They were running through a walnut orchard carrying a barley-sack full of loot.

Lincoln and Reuter gave chase. The burglars dropped the sack, and one ran south and the other east. Reuter chased the man going south, and when 100 yards away he fired a shot into the air. Reuter chased the man almost to Fourth street, and when about sixty yards from him fired close to him. Possibly the shot gave the fleeing man more speed, for he was soon lost in darkness. Lincoln did not get near the man, who went east.

City Marshal Jernigan and Officer Lacy arrived at the place soon after the shooting, and made a search, but could not find the two men wanted. In the sack were a hat, an overcoat, some pictures and other articles stolen from Lincoln's house.

**BURR HARRIS TAKES STAND IN OWN TRIAL**

LOS ANGELES, Nov. 13.—Burr Harris, a negro, went on the stand today in his own trial and told the details of his murder of Mrs. Rebecca Gay, the Christian Science practitioner. He appeared sane as he testified. His defense is based on insanity.

A big crowd in the court room leaned forward eagerly and listened to the bloody details of the crime. Harris denied he was paid for killing the woman, saying his statement to that effect was suggested to him by questions asked by the police. He seemed to enjoy the excitement he created among the spectators.

Under question of his attorney, Harris said he went to Mrs. Gay's office looking for Mrs. Wallace. He did not know who Mrs. Wallace was but said he had been told he must look out for her and that it was best to kill her.

**GOV. GLYNN WANTS TALKS ON DIRECT PRIMARY LAW**

ALBANY, N. Y., Nov. 13.—Governor Glynn stated yesterday that within the next two weeks he expected to talk with every one in the state who is interested enough in the subject to suggest a question to come to Albany and see him. He expressed the hope that all the men who had interested themselves in the campaign for direct primaries in the past would come to Albany to talk with him on this subject.

**VOLTURNO'S LIFE BOATS WORTHLESS, IS CHARGE MADE**

ST. PAUL, Minn., Nov. 13.—Charges that the Volturmo, the transatlantic liner which burned with heavy loss of life recently, was equipped with worthless life saving apparatus, are made in affidavits filed with C. E. Hamilton, British vice-consul in St. Paul, by two survivors of the disaster.

**RAISES WAGES OF MEN**

OMAHA, Neb., Nov. 13.—The Omaha and Council Bluffs street railway company last night announced that on January 1, 1914, a voluntary raise of one cent an hour will be given to its 800 motormen and conductors. The pay of the men will then range from twenty-four to twenty-nine cents per hour, according to the length of service.

**EGGS 75 CENTS IN QUAKER CITY**  
PHILADELPHIA, Nov. 13.—Eggs were sold for as high as 75 cents a dozen in the local market yesterday. This is a new record price for the season and was obtained for "extra large specimens" guaranteed to be not more than twenty-four hours old. Ordinary fresh eggs brought from 55 to 60 cents a dozen.

City Trustees Expect an Offer for Supplying Natural Gas Here

IMPORTANT MATTER BEFORE THE BOARD

The Indications are that Santa Ana Will Get Lower Gas Rate

According to an agreement with Manager Goode of the Birch Oil Company an offer is to be made next Monday night to the city of Santa Ana for furnishing this city with a supply of natural gas.

In handling this matter, the trustees realize that they have before them one of the most important, if not the most important matter, of their administration.

Just what the Birch Oil Company's offer is going to be is not known. About two weeks ago, Trustees Grubb and Alderman, City Clerk Burke and Water Superintendent Reid went to the Birch Oil fields, and talked the matter over with Goode. Since then Goode has been in Santa Ana, and it is now definitely understood by the councilmen that a proposal is to be made Monday night.

In the meantime the city authorities have been making an investigation into the quality of the natural gas produced from the Birch wells and they find that the heat units produced by a cubic foot of that gas is almost double the heat units produced by artificial gas.

There is every prospect that Santa Ana is going to get better and cheaper gas. At present Santa Ana is supplied by the Southern Counties Gas Company with artificial gas manufactured at the plant on Minnie street. The rate charged is \$1 per 1,000 cubic feet.

## TINY WOMAN PUTS SPENCER TO ROUT

Silenced Abuse of Man Charged With Murder of Mildred Rexroat in Chicago

WHEATON, Ill., Nov. 13.—Miss Nina Anderson, a girl five feet tall, whose weight is 110 pounds, was the first witness today in the trial of Henry Spencer, charged with the murder of Mildred Allison Rexroat, a Chicago dancing teacher. She easily frustrated Spencer's attempt to abuse her as he has Judge Slusser and others connected with the trial.

"You're a liar," he shouted as the girl started her testimony. The witness sprung from her chair, approached Spencer and shaking her finger in his face said, "Don't you dare interrupt me again. Don't you call me a liar, either. If I was running this jury I would see that you got all you deserved. Now you sit in that chair and keep your mouth shut."

Spencer at once subsided and permitted the girl to finish her testimony without interruption. Judge Slusser shook her hand when she concluded. Miss Anderson taught Tango dancing in the same school with Miss Rexroat.

## ARE SHIPPING TOMATO CROP

Ninety-five Carloads Sent Out from the Fullerton Section

FULLERTON, Nov. 13.—Up to this date, ninety-five carloads of tomatoes have been shipped from the local district, the California Vegetable Union having sent seventy-two carloads East. About twelve cars have been shipped in the last week. The local price is \$30 a ton for this week. Thomas Dripe has sold his ten-acre orange grove in Placentia to a new owner for \$20,000. He purchased the grove three years ago for \$7500 and turns it at a good profit.

Earl Gage has purchased five acres of unimproved land from John Des Granges for \$3500. The property is near Gage's home place. It will be set to late oranges.

## Cuts on Eyes by Corn Blades End Life of Rancher

NOGALES, Ariz., Nov. 13.—A. A. Hudgin, a wealthy rancher, today died of blood poison as the result of cuts across both eyeballs made by blades of corn. The cuts were received while Hudgin was walking through a cornfield one month ago. Hudgin was made totally blind as a result of the cuts.

**Make Sunday Schools Attractive, Is Michigan Plea**

BENTON HARBOR, Mich., Nov. 13.—Make the Sunday school more attractive, was the plea made today by speakers at the annual convention of the Michigan State Sunday School Association which opened yesterday. Speakers pointed out that "modern times make it essential to the life of the Sunday schools to run them on modern methods."

U. S. "Commercial's" Is Welcomed in South America

PAYTA, South America, Nov. 13.—The American "commercial expedition" arrived here today on board the steamer Lamari from Panama. The members, made up of delegates to the recent southern commercial congress at Mobile, were accorded a royal welcome by the government officials and local citizens' committees. The "expedition" will leave for Eton and Pasmayo late today.

**Turned on Gas in Turning Off Electric Lights—Two Dead**

SAN FRANCISCO, Nov. 13.—Daniel J. Sullivan, a retired painter, and his wife were today found dead of asphyxiation in their bed. It is believed that in turning off the electric lights, the sleeve of Mrs. Sullivan's night dress caught a nearby gas cock and turned it on.

WASHINGTON, Nov. 13.—President Wilson finds time to lend his presence and influence to the cause of charity. Friday he will appear in a box at the special drill at Fort Myer for the benefit of the Army Relief Society.

**VET-CONVICT GAME WITHIN OHIO STATE PRISON WALLS**

COLUMBUS, O., Nov. 13.—A baseball game between a team made up of Ohio State Penitentiary convicts and the old-time players of baseball was the feature of today's program at the annual meeting of the National Association of Professional Baseball Leagues in session here since Tuesday. More than 500 leaders of minor league clubs are attending the convention. Today's "vet-convict" game will be played within the prison walls.

## STORM BRINGS FOUR-TENTHS INCH OF RAIN

Last night's rainfall was .39 of an inch, which with .10 the night before, makes .49 of an inch for the storm.

This section got less rainfall than Los Angeles, where over an inch fell. Nearly everyone here is ready for rain, the more the better. Nearly all the sugar beets have been harvested, and only those few growers whose beets are still in the field can object to rain now. The fall so far has not been sufficient to cause any delay in the cleaning up of the beet crop.

**DECATUR WINS CONVENTION**

DECATUR, Ill., Nov. 13.—Boston defeated San Francisco and Omaha in the contest for the 1914 meeting of the foreign missionary board of the Methodist Episcopal church at the session here yesterday. The annual meeting of the Freedman's Society and the board of home missions will also be held in Boston at the same time.

**BURNS MANUSCRIPTS IN U. S.**

LONDON, Nov. 13.—The move by the descendants of the poet Robert Burns and others interested to recover the Glenriddel Burns manuscripts, which were recently sold by the Liverpool Athenaeum for \$25,000, has been complicated by shipment of the manuscripts to America, according to a London dealer.

The Parson—"I pronounce you man and wife."

## RAIN BRINGS REJOICING IN STATE

Was General Along Coast and in Interior—Tremendous Benefit May Result

SOIL SOAKED TO PROPER CONDITION FOR PLOWING

Citrus Fruit Crops Benefit—Santa Barbara Had Heaviest Fall

LOS ANGELES, Nov. 13.—More rain throughout the state was reported today. Yesterday's rain was general. For the storm the rainfall was reported as follows:

Los Angeles, 1.14; Incheon, Pasadena, .74; Riverside, .42; Santa Monica, .39; Santa Ana, .31; San Luis Obispo, 1.29; Santa Barbara, 1.56. Santa Barbara had the heaviest in the United States for the day, with San Luis Obispo second.

Practically no damage was done by the storm in the country districts. Few crops of any sort suffered, but on the contrary, tremendous benefit will accrue.

**Producers Happy**  
The soil is soaked to the degree that plowing will be made easy; vegetable crops will receive incalculable benefits, and citrus growers are happy over the benefits of the rainfall to their groves bearing under a splendid crop of green fruit.

The storm extends all along the coast and over the Sacramento and San Joaquin valleys. In the Sierra Nevada mountains snow fell to the depth of two inches, and snow in the Sierras now is part of the water supply of Los Angeles, through the completion of the aqueduct.

## INTERIOR WATER WAY ON ATLANTIC COAST IS DESIRED

Philadelphia Ledger: In the hurricane which swept the Carolina coast and destroyed millions in property a great six-masted schooner went to pieces, a four-masted schooner was wrecked and other vessels were grounded. On this route is much of the constant commerce and in that region is the graveyard of ships known by the general term, "off Hatteras." It is one of the tragic areas of the sea. Hundreds of vessels and millions of dollars are sunk there.

Next week the joint meeting of those who are working for the interior waterway system along the Atlantic coast will be held at a central point of the Chesapeake and Delaware Canal, which is the main link of the chain. When finally completed the interior channel will give passage for vessels all the way from Florida to New England, and finally will have a canal to the Gulf of Mexico. It is astonishing how little work needs to be done, for nature has already provided most of the route. This course will mean the saving of vessels and fortunes that now go down when the hurricanes sweep around Hatteras. It means a large trade. There is much lumber to be brought to Philadelphia from the south, but the outside way is often rendered unprofitable by wreck. This is only one of many items.

At the meeting next week the details of the Hatteras hurricane should have great value in the proceedings.

**SERBIAN PRINCE COMING TO THE PACIFIC COAST**

NEW YORK, Nov. 13.—Prince Alexis Karageorgevitch, cousin of King Peter of Serbia, arrived in New York yesterday for a trip through the United States which will take him to the Pacific coast. He was accompanied by his wife, formerly Mrs. Huger Pratt of Cleveland, whom he married in Paris last June.

**Getting Even**

James, four years old, had been naughty to the point of evoking a whipping from his long-suffering mother and all day long a desire for revenge rankled in his little bosom.

At length bedtime came and, kneeling before her, he implored a blessing for each member of the family individually, she alone being conspicuous by her absence. Then, rising from his devout posture, the little suppliant fixed a keenly triumphant look upon her face, saying, as he turned to climb into bed: "I show you how to fix yer light meter so it won't register."

## 1500 NAMES ON PETITIONS SENT IN

People Sure to Get Vote on  
Anti-Prize Fight  
Bill

This week C. R. Manson, S. J. Jackson and others of the committees in charge of circulating initiative anti-prize fight petitions in this county sent petitions with 1500 names upon them to headquarters of the anti-prize fight movement in Los Angeles. These petitions will later be sent to the county clerk for filing.

Of the 1500 names on the petitions sent to headquarters about 1000 were secured in Santa Ana. As of the petitions are not in, and it is probable that between 400 and 500 more will be added to the total when all are counted.

There is no question in the minds of the anti-prize fight people but that the question of allowing prize fights in this state will be voted upon by the people of the state.

## BLOWN OFF THE OIL TRUCK

Sweetser Drives Auto Truck  
Away from Burning  
Tanks

GARDEN GROVE, Nov. 13.—Last Saturday afternoon about 3 o'clock an explosion was heard here, and soon a blaze was seen to shoot into the air in the neighborhood of the depot. Both explosion and blaze came from the oil tanks of the Garden Grove Oil Co. Matt Sweetser, who was driving the oil auto truck, went up to the tanks to fill the tank on the truck, and the explosion occurred at that time. Sweetser was blown off of the tank and was burned slightly. He got onto the truck as quickly as possible and ran it to a place where it was safe. A number of the Pacific Electric poles were so badly burned that the passengers had to be transferred around the wreck. The fire burned until late at night. The loss is between \$4000 and \$5000. There was no insurance.

## Seal Beach

No Undertow

—Bay City—

Ask your neighbors what they think of Seal Beach. Over 200 of your neighbors visited Seal Beach last week and all were interested.

## There Are Reasons

First. It is only 45 minutes' car ride from Santa Ana.

Second. The new Orange County Boulevard will run through Seal Beach direct to Santa Ana.

Third. You have seen Long Beach grow. We are only four miles from Long Beach, connected by direct car line across the new trestle which was just completed over Alamitos Bay.

We have two car lines to Los Angeles, which gives us the best car service. We have two great still water bays, which gives us the best boating. We have a mile of perfect beach and a surf without an undertow, which gives us the best bathing on the Pacific coast.

The new twin pavilion and bath house give us the best amusement place.

## Mother Colony News Notes

FROM THE ANAHEIM HERALD.

C. F. Tripp and family, consisting of a wife and five children, are at the home of W. F. Tripp, on Rosh street. This family is making a long trip overland from Thermal to Ma-cera, a town in the San Joaquin valley, and stopped at Anaheim to visit a brother of Mr. Tripp. They have been on the road a week, and it is the expectation that the journey will require three weeks. Mr. Tripp owns property in the northern city, where they expect to make their home.

Charles Alkire, who recently purchased the West End blacksmith shop, is arranging to remove his family from Los Angeles to this city. They will reside at 545 East Adel street.

H. E. Huston and wife, of Los Angeles, were in Anaheim yesterday. Mr. Huston holds the responsible position of claim agent for the Pacific Electric Company, and came to Anaheim to look after his property interests here.

W. E. Jones of Los Angeles visited Anaheim yesterday is the interest of his subdivision property on South street. The new tract is attracting the attention of the people of Anaheim and lots are moving rapidly.

J. Bonnerschidt and wife purchased tickets yesterday over the Santa Fe route for their home at Pond, Cal.

C. F. Grim is thinking seriously of

identifying himself with a placard which reads like this, "I am not Mr. Young." He stated to a Herald reporter today that he is daily being stopped on the street and at depots by people interested in Anaheim's new daily. A H. manner of questions are being asked him as to how and where subscriptions are to be taken for the paper. Yesterday a lady wheeling a baby came running from across the street and said, "Oh, Mr. Young, where do I get my paper?" Mr. Grim in a most gracious and polite manner explained to the lady that he was not Mr. Young. Mr. Grim said that he might be able to land a great many subscriptions if he kept his mouth shut as to who he was.

W. J. Luellan, first assistant postmaster to W. E. Duckworth, left this morning for a 15 days' vacation. While she is away his place will be filled by John F. Jenkins.

Mrs. Albert Davidson returned to her home at Brea yesterday, after a week in the local sanitarium.

Mrs. W. O. Gerlach of Fullerton underwent a minor operation at the Anaheim Sanitarium yesterday morning. She is rapidly improving.

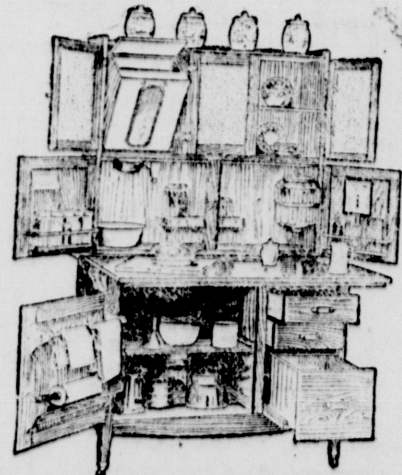

Fred Leighton and daughter, of Long Beach, and Mrs. L. Leighton of San Francisco, were visitors at the home of Mr. and Mrs. M. E. Beebe on East Broadway yesterday.

## WINDSHIELD IS HIT BY BULLET

Hubbard Hears Report, and Finds Glass in Front of Him Broken

C. S. Hubbard of 710 East Third street probably was a target yesterday evening as he was driving his automobile on East First street. A bullet whizzed eighteen inches from his head and struck the windshield of the automobile.

Hubbard does not know who fired the shot. He was driving east, and

had reached a point just east of the Santa Ana Wholesale Grocery Company when he heard a report. At first he thought one of the tires of the machine had exploded, and he stopped. Examination showed the tires full of air. It was then that Hubbard noticed that the windshield was broken, and from the appearance of the break Hubbard concluded that the bullet was small, probably from a 22-caliber firearm. The bullet could not be found. It probably having glanced off.

Hubbard feels quite certain that the report he heard was from a firearm, though it is possible that it was the sound of the impact against the glass. Hubbard knows of no one who would take a shot at him maliciously. The bullet came from back of him.

### SAVED HIS FOOT

H. D. Ely of Houston, Tex., suffered from horrible ulcer on his foot for four years. Doctor advised amputation, but he refused and reluctantly tried Buckle's Arnica Salve as a last resort. He then wrote: "I used your salve and my foot was soon completely cured." Best remedy for burns, cuts, bruises and sores. Get a box today. Only 25c. All druggists or by mail, H. E. Buckle & Co., Philadelphia or St. Louis.—Advertisement.

## COUPLE MARRIED IN STANFORD CHAPEL

Robert C. Root, formerly a teacher in the Huntington Beach Union High School, and Miss Georgiana C. Ramsey of Palo Alto claim the distinction of being the first couple to be wed in the Leland Stanford Memorial Church since its restoration. The Rev. Dr. Chas. Gardner, chaplain of the university, officiated at the ceremony. It was witnessed by a few intimates of the couple.

The bridegroom was among the early day Stanford students, receiving his master's degree from the economics department in 1894. Since that time he has been actively engaged in teaching, but is now coast representative of the American Peace Society. Mrs. Root was graduated from the Stanford history department in 1901. Her home has been in Palo Alto.

## IT WAS A DAY OF WEDDINGS

Three Popular Couples Principals in Ceremonies Yesterday

(By Staff Correspondent.) ORANGE, Nov. 12.—Yesterday was a day of weddings in local society, no less than three of the happy events taking place.

The first was that of Miss Pansy Crawshaw, daughter of Mr. and Mrs. A. Crawshaw, to Mr. Elmer Yordy. They were quietly married at 10 o'clock in the courthouse at Santa Ana, by Justice James Fullerton of Orange. Immediately after, they left for a week's honeymoon trip to Long Beach and Venice, after which they will be at home on South Cambridge street, Orange.

At 6 o'clock last evening occurred the wedding of Miss Amanda Peters to Mr. Henry Rurup. The ceremony was performed by Rev. Jacob Kogler of the German Lutheran church, at the home of the bride's parents, Mr. and Mrs. Henry Peters, of 220 West Almond avenue. Only the relatives of the two families were present.

The Peters home was handsomely decorated, the front room being in white chrysanthemums and ferns and the dining room all in yellow. Lohengrin's wedding march, played by Mr. Meeska at the piano and Mr. Zienert, violinist, opened the ceremony as the young couple took their places beneath an arch of palms from which hung wedding bells. The fair bride was gown'd in brown marquisette over mesaline. Her going away suit was a neat brown traveling suit. The bridal couple was unattended.

After the ceremony a delicious wedding dinner was served in three courses. This was followed by a social evening, and an inspection of the pretty assortment of wedding gifts, which included cut glass, furniture, linen, china and silver.

The bride and groom were showered with rice as they fled on their wedding trip. They will make their home in Santa Ana on their return.

Miss Lulu McPherson, daughter of Mr. and Mrs. Stephen McPherson of McPherson, became the bride of Mr. Walter Lee Viereg of Los Angeles, at a pretty 8 o'clock wedding at the home of the bride's parents. A large assemblage of guests witnessed the ceremony, which was performed by Rev. A. Jackson of the First Presbyterian church of Orange.

Preceding the ceremony Mrs. Mark Lacy played the wedding march and just before the entrance of the bride couple, "Oh, Promise Me" was sung by Mrs. Hugh T. Thomson. The bride and groom took their stations in a corner beneath a white wedding veil formed of flowers. The ring service was used.

The bride was simply but attractively gowned in white, her dress set off by a brooch, which had been worn by her mother and grandmother before her.

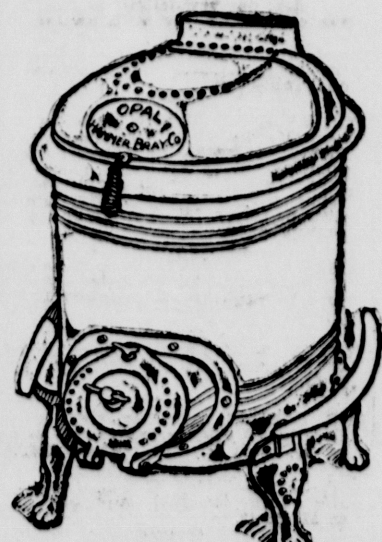

Congratulations followed the ceremony and a social evening followed, including refreshments of ice cream and cake. The home was prettily decorated in chrysanthemums and ferns. Added to this was the luster from a lovely assortment of wedding gifts.

At 9:45 the bridal couple left for a honeymoon trip, boarding a Pacific Electric car. They will make their home in Hollywood.

Much interest attaches itself to the wedding on account of the popularity of the bride, who was born and raised in this vicinity and is known and admired by a large circle of acquaintances. Mr. Viereg is a young man of sterling qualities. He is connected with the Los Angeles Herald.

Guests at the wedding were as follows: Mr. and Mrs. Snyder of Los Angeles, Mrs. Annie Hoyt of Hollywood, Mr. and Mrs. A. J. Sanders, Vincent McPherson of Colton, Robert McPherson of Santa Monica, Mr. Bryson of Los Angeles, Sallie Catland and Lizzie Perkins of Santa Ana, Mr. and Mrs. Mark Lacy of Santa Ana.

The Modern Priscillas held their regular meeting yesterday afternoon at the home of Mrs. Bessie Gillogly, a most delightful afternoon being reported.

Thirteen members and five visitors were in attendance: Mrs. Owen Murray, Miss Elma Campbell, Mrs. Kahler from Ohio, Mrs. Sherrill from Arizona, Mrs. Sharp, Mrs. Arizona, and Mrs. W. V. Jones. Mrs. Sharp was admitted to membership.

Regular routine work was carried out followed by the serving of refreshments.

Mrs. Charles Wallace of North Center street, will be hostess to the club a week from next Wednesday.

Mr. and Mrs. E. A. Honey, Mr. and Mrs. F. J. Decker, Mr. and Mrs. C. E. Lusk, Mrs. M. E. Lusk and J. Irvin Decker are at Newport Beach today.

Mrs. L. E. Jones is spending a couple of days with Mrs. W. B. Williams and Mrs. Mary S. Emerson in Santa Ana.

Robert McPherson of Santa Monica is visiting at the R. W. Jones home in El Modena today.

A regular meeting of the Royal neighbors held in the L.O.O.F. hall yesterday was followed by social features in the way of refreshments of tamales, wafers and coffee, served at Decker's confectionery.

Nearly half an inch of rain fell during the showers last night, and if the present pace is kept up the season may get a high rainfall mark. The season's fall so far is over three-quarters of an inch. Last night added .42 to the total.

Miss Maude Lewis was home from Fullerton to visit from last evening until this morning.

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Your Hair Gets Soft, Fluffy and Luxuriant at Once

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flinch, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—Advertisement.

## MRS. HARRIS OF LOS ANGELES, SPEAKER

Addressed Women of Presbyterian Church on Achievements of Foreign Missions

The Woman's Missionary Society of the First Presbyterian church met Wednesday afternoon in the church parlors, with Mrs. W. W. Anderson, the president, in the chair.

Mrs. John Anderson led the devotional service developing the theme, "Thanksgiving" in a clear and helpful manner. At the close of her remarks a diet, "Count Your Blessings" was pleasingly sung by Mrs. J. H. Theal and Miss Jessie Miller.

Mrs. Montgomery had charge of the program and spoke a few tender words emphasizing the need for the spirit of thankfulness for all that comes from the divine hand of God, even though the blessing is sometimes seen but dimly through our tears.

Mrs. J. A. Stevenson offered prayer, remembering those whose hearts are heavy through bereavement. Mrs. Montgomery then introduced Mrs. Harris of Los Angeles, Presbyterian secretary, who gave a most comprehensive and inspiring address, taking as her theme "Neighborliness." She said in part:

The first missionaries, filled with love for souls of men and faith in God, went out to encounter hardships of a sort now practically unknown. The seeds of this early soul-seeking zeal and faith have brought forth, and are still bringing, a wonderful harvest. The germ of life in all church work lies in its missionary activity.

China—from a missionary viewpoint most important, embracing one-fifth of the world's population. Proud of her ancient civilization, for centuries she has been looking backward; now, wide awake, she has her eyes eagerly fixed on the future. Her material resources are practically unlimited. The one thing wherein she will need outside help is her spiritual life, the quality of Chinese Christianity is a revelation to many. The tenacity of their faith, which led 10,000 of them to lay down their lives during the Boxer revolution rather than deny Christ was a needed lesson for the skeptical in the home church as to the power of the Gospel to

change vitally the life of even benighted Chinamen. The result was a self examination on the part of the home church that led eventually to a higher phase of brotherly love.

Japan—A far higher plane of neighborliness was reached by Japan during the recent alien land ownership trouble than by our own state. San Francisco, giving but poor return for Japan's instant and open-handed generosity at the time of the earthquake and fire of 1906.

Korea is a so-called heathen country, which yet believes in and daily demonstrates the old-fashioned "efficiency of prayer."

India—Here clearly the regenerating power of the Holy Spirit is shown and the curse of caste is being broken down by the common communion table of the Lord.

"Africa proves that the Bible is still 'The Bread of Life' in heathen countries, even if it is going out of style in America. A noted man who has come home to England after many years residence in Africa, says: 'Your fellow Englishmen: "One thing sorrowfully impresses me; your materialism has taken the smile off your faces."

God grant that our desire and quest for the material things, the blessings of which we are boastfully proud, may not in the end take the smile of unselfish gladness from our faces and the joy out of our lives. For it all, may we still praise God and feel because of it more keenly the pull of brotherly love in all our being.

"All that we put into the lives of others comes back in joy and zest of life in our own."

—With that fine big turkey fattening in the coop—  
—And with all the "folks" invited, Uncle Henry, Aunt Susan, Ma and Pa, and little Willie.  
—All expectant and eager for that "Thanksgiving Spread,"  
—Don't you think it's time to think of

## Thanksgiving Linens

—We do. And we have most beautiful things to make that table look lovely and inviting.

—Snowy white table linen never looks so beautiful than at Thanksgiving time. These are some that we have for you:

## Beautiful, Bordered Cloths

—Linen Cloths are fast coming into favor. It's no wonder. The beautiful borders are woven all the way around, and the price is no higher than linen cut off the bolt.

—We have a big range of sizes, always new and fresh. We can give you most any design you call for, and in just the size you want. Look at this range:

Table Cloths 2 yards wide by 2 yards long at \$3.00, \$4.00.  
2 yards wide by 2½ yards long at \$3.75, \$5.00 up to \$10.00.  
2 yards wide by 3 yards long at \$4.50, \$6.00 and up.  
2 yards wide by 3½ yards long at \$5.25, \$7.00 and up.  
2 yards wide by 4 yards long at \$6.00, \$8.00.

Table Cloths 2½ yards wide by 2½ yards long at \$6.50 and up to \$12.  
2½ yards wide by 3 yards long at \$8.00.  
2½ yards wide by 3½ yards long at \$10.00.

Table Cloths 2½ yards wide by 2½ yards long at \$7.00.  
2½ yards wide by 3 yards long at \$12.00.  
2½ yards wide by 4 yards long at \$20.00.

—That's the reason why our linen trade is growing so. We carry any size cloth you want, 2, 2½, and 2½ yards wide, which you cannot find in smaller stocks.

## Table Linens by the Yard

—In piece goods, we carry splendid qualities of Irish and Scotch Damasks.

—If you want weight to your damask, ask to see our Scotch goods. We have fine lines at prices of \$1.00, \$1.25, and \$1.50 yard, and they will not rough up.

—If you are hunting for fine damask, with beautifully worked patterns, and smooth finish, then ask to see our Irish goods. The Irish people make the finest damask in the world, for they use a flax that is especially tough for its size; hence, an Irish linen, though lighter in weight than a Scotch, will wear just as well.

—We carry Irish goods by the yard at \$1.00, \$1.25, \$1.50 and \$2.00. We just received this fall a beautiful new line of patterns.

## Napkins to Match

—Our range of napkins to match our cloths and linens by the yard are priced at \$3.00, \$3.50, \$3.75, \$4.00, \$4.50 and on up to \$12.00 per dozen. We cut half dozens if you desire.

LOS ANGELES PRODUCE MARKET  
The price of eggs has finally jumped, and with a vengeance. For weeks it has been the contention of a minority of the produce dealers that quotations should be higher on local ranch

eggs, comparing the situation with San Francisco and eastern markets. The claim was made that only 45 cents was paid for ranch eggs to the producer, but there were dealers paying as high as 48 and 49 cents, and even the downtown grocers were offering and paying more than the commission merchants. The advance was probably the greatest advance ever made at one time on the commodity in Los Angeles, the quotation jumping from 45 to 54 cents, a 9-cent increase in value. At that figure there was a good demand, but not enough stock on hand to supply half or even a small fraction of the call. In San Francisco the market has gone to practically 60 cents, wholesale price, and further advances would not be surprising in Los Angeles. These high figures are causing a big demand for eastern eggs, shipments of fresh stock still being reported, but in very small quantities, the season being over on eggs in the Dakotas, Kansas, Nebraska and other heavy producing states. They have also caused a heavy run on storage stock, and from present appearances the day is not far distant when the housewife will be paying 75 cents a dozen for fresh eggs, or using storage stock at a lower figure. Receipts yesterday were 156 cases.

## CLEANING UP FOR WINTER

People who travel about the country districts in the East often remark on the shiftless way in which many farmers leave valuable tools and machinery out in the rains, long after the farm work for the season is done. Some of them have a perpetual clutter of decrepit wagons, machines and tools, which stand out all winter. In lesser degree, California farmers are likewise guilty of improvidence.

The appearance of a town also is often badly injured by failure of householders to rake leaves and destroy litter or get it under cover out of sight. Winter is a time when defects are not so well concealed by foliage and shrubbery, and disorder about the house is particularly conspicuous.

Order is contagious. When one man combs and brushes his home place as if he enjoyed having it trim and smart, the whole neighborhood is stirred by the instinct of competition. The net result is to improve the value of real estate. A neighborhood of small but well-tended houses can in this way give an impression beyond the power of the mere dollars that were put into it. Many people are personally scrupulous about their clothes, yet will disfigure their home grounds by permitting heaps of ashes, untidy chicken houses, rickety fences, heaps of tin cans, etc.

Regarding the failure of farmers to keep their places cleaned up, few of them realize how it hurts their business standing. It is not merely the loss by decay of tools and machines left out to rust. It is also in the general impression given that a man does not look after the details, and has no thoroughgoing system for preserving his property and making the best of his resources.

The man who fails to take in a mowing machine when he quits using it in the fall, will be very likely to forget to pay interest on his note when it comes due. At least, that is the way it would look to the banker. Few people care to do business with a man who gives this indication that his work runs at loose ends.

## FEEDING THE ORANGE TREE

Unlike the average farm crop or the deciduous fruit tree, the orange tree is never entirely dormant, and sufficient available plant food is most essential the year round; although greater demands are made upon the soil at certain times than at others. Lack of sufficient nourishment during the periods of maximum demand are liable to prove detrimental not only to the tree itself, but also to the quality and quantity of the crop produced. While no exact formula or method of feeding has yet been worked out, certain facts have been demonstrated and proved and may be accepted as a foundation upon which the individual method may be worked out: (a) The orange tree is a heavy feeder and requires ample plant food for its profitable development. (b) The majority of California citrus soils are deficient in humus, or become so after they have been cultivated a short period, and humus is an absolute requisite of the soil in an orange grove. (c) Plenty of available plant food is necessary during the blossoming in the spring, for setting and holding the young fruit, and also during the fall growth period. (d) The forcing of winter growth by late fall applications of manure or fertilizer is usually not advisable.

One of the most important problems to be faced by the orange grower is that of supplying the required humus to the soil from decaying animal or vegetable matter. The great expansion of the industry has vastly increased the demand for stable and dairy manure, while the increasing use of motor traction has greatly decreased the amount of city stable manure available.

The deficiency is now largely supplied by means of growing cover crops—vetches, cowpeas, etc., sown in the fall and plowed in during the winter before the sap begins to rise in the tree. In the case of young plantings this can be readily done, but in the old orchard the large trees so shade the growing crop that it is difficult at times to obtain a good stand, while the area available for the cover crop under such conditions is quite limited.

In plowing in cover crops care must be taken to plow before the spring flow of sap gets well started. The young feeders have then started, and destroying these with the plow at this time thereby reduces the means by which the tree is obtaining its

plant food at a critical time, and is likely to work much damage before new feeders can be produced.

In Southern Europe manure is frequently trenched in around the trees every three or four years. The writer has followed this practice for a number of years in the case of old trees which show an impoverished condition, or lack of thrift, but otherwise show no signs of disease, and invariably the results have been splendid. A trench about three feet wide is first dug around the tree following the outside of the outline of the foliage, leaving a thin film of dirt on top of the smaller roots. This trench is then filled in with manure and the whole covered with dirt. This can be done only during the mid-winter months, from mid-November to early January, when the tree is practically dormant; otherwise the heating of the manure is likely to burn the young feeders and the tree will be seriously damaged.

While this method of feeding the tree is a costly one the results obtained would seem to justify its more extensive use, and the writer at the present time has a group of Valencia trees on which this method is being followed consistently with excellent results both as to crop and condition of the trees. Where properly followed out it also provides a good way of successfully feeding orange trees growing in the garden or on the town or city lot.

While necessary, the supply of artificial fertilizer does not present such a problem as does that of the humus, being largely a question of the cost and sources of the food units required, while available supplies are both varied and plentiful. But it has been proved that beyond question, except in very exceptional cases, an orange grove cannot be brought to profitable maturity by supplying large quantities of plant food in this form to the entire elimination of a sufficient supply of humus, either from manure, cover crops or other form of decaying vegetable or animal matter in bulk.

The exhaustive fertilizer experiments to be carried out at the new State Citrus Experiment Station will solve many of the more pressing of these problems in the feeding of the orange tree, but the practical application of any method of fertilization or plant feeding ultimately rests with the individual grower.

## 75-CENT GAS RATE IS PROMISED ANAHEIM

Natural Gas it to Be Supplied to Anaheim Within Four Months at the Same Rate As Provided Fullerton and Placentia

FROM THE ANAHEIM HERALD.

That Anaheim also is to have 75-cent gas, was the announcement made today by the local manager, S. W. Todd, of the Southern Counties Gas Company. This announcement is made directly after the committee was appointed last Monday night by the Anaheim Board of Trade. The committee was appointed to consult with the management of the Southern Counties Gas Company and see if it would not be possible for Anaheim

to be furnished with natural gas from the Fullerton district, and secure the same at the rate of 75 cents, the rate promised to Fullerton.

It seems that the management of the gas company had already considered the possibility of supplying Anaheim with natural gas, for Mr. Todd said today that the plans of the company were assuredly to give Anaheim natural gas at that rate. He said that where Fullerton had been promised natural gas in about 90 days, it would be at least four months before Anaheim could be supplied. The pipe for the six-inch mains which will be used in carrying the gas from the oil fields to this district will be bought in the East, and so the delay would be greater than if it were bought from the Los Angeles market.

In speaking of the reasons why Anaheim had been so willingly granted this greatly reduced rate for her gas, Mr. Todd said that the gas company was anxious to furnish gas to all of its consumers at the lowest possible rate, and by securing good contracts with the oil companies they were in a position to make this 75-cent rate. He said that the gas now being supplied by the company's plant in Santa Ana would be used in the lower part of the county more, while the plans of the company would be to furnish natural gas to the northern district. This district will include Anaheim, Fullerton and Placentia.

Anaheim is fortunate in securing this rate, for it is said that 750 cubic feet of natural gas has the quality of 1000 cubic feet of manufactured gas. The gas which will be supplied in this district will be that from which gasoline has been extracted.

The Southern Counties Gas Company's franchise with this city, which was granted in January, 1906, does not have any provision whereby manufactured gas cannot be replaced by natural gas. City Clerk Merritt said that he did not see that it would be necessary for the company officials to appear before the Board of Trustees at all in case this natural gas should be substituted. The main provision in the franchise is that of the maximum charge which can be made by the gas company. In part the franchise granted in 1906, relating to kind of gas and price is as follows:

## Price of Gas

"Sec. 10. That the price of gas to be charged by the grantee of this franchise, or its assigns, to consumers shall not at any time exceed one dollar and seventy-five cents per thousand cubic feet; and provided further that when the consumption of gas so furnished to consumers by the grantee of this franchise or its assigns, shall reach 40,000 cubic feet per day, the price thereof to consumers shall not exceed one dollar and fifty cents per one thousand cubic feet."

## GOODBYE DANDRUFF

Parisian Sage Stops Falling Hair and Itching Scalp; Removes Dandruff With One Application

If your hair is not as soft and beautiful, or as fresh and full as that of some friend whose hair you admire. Do what she does—take care of your hair. It needs daily attention.

If your hair is too thin, make it grow. If it is too dry and brittle, soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp and dandruff will go.

Parisian Sage, sold in fifty cent bottles at druggists and toilet counters, is just what you need to make your scalp healthy and immediately remove dandruff—your hair wavy, lustrous and abundant.

Parisian Sage quickly stops itching head; cleanses the hair of dust and excessive oil; takes away the dryness and brittleness; makes it seem twice as soft and lustrous.

You cannot be disappointed in Parisian Sage. Always sold on money back if not satisfied plan. Look for the "Girl with Auburn Hair" on the package. Recommended and sold by Rowley Drug Co.—Advertisement.

## WEDDED IN PASADENA

**Former Santa Ana Girl Marries Elmer A. Collins—Will Live in Los Angeles**

A wedding of interest to many in Santa Ana where the bride formerly lived was that of Miss Lillian Wilson of Pasadena to Elmer A. Collins, last Tuesday evening. Miss Wilson is a cousin of the Misses Myrtle, Ethel, Lois and Clara Wilson of this place, all of these young ladies attending the wedding. Others going from Santa Ana were Mr. and Mrs. Charles Bullock, old law friends of the two Wilson families.

Rev. Chas. Riggs of the Church of Christ, Los Angeles, performed the ceremony, which was preceded by the singing of "Still as the Night," by Chas. Elismayer. The strains of Mendelssohn's Wedding March sounded just before 6 o'clock, the hour for the ceremony. Mrs. George Elismayer, a cousin of the bride, being at the piano. Miss Amy Vivian Wilson, the twin sister of the bride, was the bridesmaid, and gown in yellow messaline and carrying a bouquet of cream roses and maidenhair ferns. She with the best man, Germain Collins, brother of the groom, attended the bride and groom as they took places under a wedding bell of white chrysanthemums.

The charming bride, gown in crepe de chine, brocaded and daintily trimmed with Dutch lace, carried a bouquet of bride's roses and delicate maidenhair ferns, presenting a most attractive appearance. Her ribbon bearers were Lois Wilson of Santa Ana and Lela Standiford of Pasadena. Many elegant gifts were showered on the bride and groom, and after the ceremony these were reviewed and congratulations said. A two course collation was served in the dining room, which, like the rest of the house, was beautifully adorned with white and yellow chrysanthemums.

Mr. and Mrs. Collins have gone on a wedding tour of the north which will include points from San Francisco to Seattle. They will reside in Los Angeles on their return. Sincere good wishes for their happiness and prosperity are extended to the bride and groom by their many friends in Santa Ana.

## WHIST AND FLINCH

**Lovely Party Yesterday at Which Mesdames Vander-mast and Prince Hostesses**

Mrs. Walter Vandermast and Mrs. Walter Prince very delightfully entertained yesterday at the lovely Vandermast home on South Main, with progressive whist. Yellow chrysanthemums in brown baskets added to the beauty of the scene. The ladies were assisted in entertaining by Mrs. R. E. Williams and Miss Schalekamp, to whom pretty prizes of hand painted plates were awarded when prizes for the whist and flinch games were given.

The first whist prize, a set of sterling silver teaspoons went to Mrs. Frank Worden; the second prize, a set of pearl handled bread and butter spreaders, was won by Mrs. Howard Turner, and Mrs. Bert Campbell was given a pearl handled pickle fork for consolation. Mrs. George Briggs won the gift presented to the thirteenth guest to arrive, a hand painted plate, and Miss Schalekamp also received a hand painted plate as a flinch prize.

A three course collation was served on the card tables each of which had a centerpiece of a yellow tissue paper chrysanthemum filled with delicious yellow candies. Smaller chrysanthemums filled with salted almonds were at each place. The yellow color scheme prevailed in the ices, salads and candies.

The list of guests included Mesdames E. S. Gilbert, C. M. Jordan, E. S. Morrow, Roscoe Whitford, Fred Parsons, E. K. Gearhardt, J. P. Hatzfeld, Wm. Spurgeon, O. K. Forgy, E. R. McClure, Chas. **Sunshine Meeting**  
The regular meeting of the local chapter of the Sunshine Society was held yesterday afternoon at the residence of Mrs. George Wright, 831 G street. There was an excellent attendance and much interest manifested.

The next meeting of this society will be at the home of Mrs. May Thompson, 402 Orange avenue, and as the regular election of officers will take place that day, all members are urged to bear the date in mind and be present.

**Sale and Supper Planned**  
The Women's Alliance held a business meeting yesterday afternoon in the Unitarian church, talking over and deciding on plans for the sale and supper, which are to be held on Friday, Nov. 21, at the church. They have planned to have a good program and a social time from 7 to 8 o'clock on that evening, and are looking forward to the singing of a negro jubilee vocalist with whom they are negotiating for the evening.

**Jolly Time at Beach**  
Mrs. Horatio Forgy was hostess on Tuesday evening at a delightfully informal little party at the Forgy cottage at Newport Beach. Her guests were Mr. and Mrs. O. K. Forgy, Mr. and Mrs. Frank Reinberg, Mrs. E. S. Wallace and son, Bruce Wallace. This merry party went down to the seashore via automobile and were entertained at a delicious early evening dinner, to which marshmallows later before the crackling flames that sparkled in the fireplace. The event was thoroughly enjoyed by all concerned.

## IN THE SHADOW

Two pioneers of Santa Ana have been laid to rest within the last two days. Mrs. S. W. Smith on Tuesday and Dr. J. R. Medlock today. Members of prominent families, each had a wide circle of friends who mourn their loss most sincerely. But it is much to remember that in going into the last long sleep, in each instance they were released from lingering illness, and have passed into the presence of Him who will give them the Eternal Peace that is promised to those who love Him.

**Rites for Mrs. Smith**  
Magnificent floral tributes from individual friends, churches and business houses of Santa Ana marked the funeral services held yesterday for Mrs. S. W. Smith at Smith's chapel. The presence of a large number of friends testified to the esteem in which Mrs. Smith was held. Rev. J. A. Stevenson, pastor of the local church of the denomination with which the deceased had been affiliated for forty years, conducted the service impressively. Misses Holgrave and Hazel Rowley of the choir of the First Presbyterian church, to which Mrs. Smith had belonged for twenty years, sang "Face to Face" and "Rock of Ages." Mrs. Paul Stevens at the organ. Relatives and friends from Los Angeles, Long Beach, Riverside and Corona were in attendance. The pall bearers were the four sons, W. H., E. H., Geo. S. and L. L. Smith, and two grandsons, Earl and Rex Smith. Interment was made in Fairhaven cemetery.

The community loses an estimable member, the family a faithful wife and mother, in Mrs. Smith, a woman of lovely character. She was born in Vermont, later residing successively in New York, Illinois, Nebraska and California. Most of her younger life was spent in Illinois, where she was married to S. W. Smith, fifty-five years ago. She is the last of a family of eight. Her husband, all of her children, grandchildren, one great-grandchild and all but four of her surviving relatives were present at her funeral. In poor health for many years, Mrs. Smith's fatal illness lasted for two months, during which she gradually to her final rest.

**Dr. J. R. Medlock**  
This morning Dr. J. R. Medlock was laid to rest in the Santa Ana cemetery. The death of this sterling pioneer physician brought grief to many hearts, evidenced by floral memorials and attendance at his funeral. Rev. J. A. Stevenson, pastor of the First Presbyterian church, led the services, held at the residence on North Main street, and Mrs. Ella Fyfe sang most impressively "Abide With Me" and "Crossing the Bar." The bearers of the casket were Charles Woodford, J. R. Paine, G. E. Peters, M. M. Crookshank, J. G. Mosbaugh, A. C. Bowers, Charles Ross and L. L. Shaw. Honorary pallbearers were J. A. Turner, J. D. Parsons, W. A. Huff, C. F. Mansur, Dr. J. L. Dryer, Dr. Wehrly, Dr. H. E. W. Barnes and Dr. J. P. Boyd. At the grave the Masonic services were held.

**CARD OF THANKS**  
It is with the tenderest of gratitude that we express our thanks to the friends, both private individuals and the public organizations, for the sympathy revealed by them in our bereavement. The lovely floral tributes to the beloved wife and mother who has gone were appreciated deeply and the hand clasps and tears of sympathy of our friends made our grief easier to bear.

**For Children there is Nothing Better**  
A cough medicine for children must help their coughs and colds without bad effects on their little stomachs and bowels. Foley's Honey and Tar exactly fills this need. No opiates, no sour stomach, no constipation follows its use. Stuffy colds, wheezy breathing, coughs and croup are all quickly helped, and sweet refreshing slumber instead of feverish tossing at night. It is easy therefore to understand why an increasing number of bottles of Foley's Honey and Tar Compound is sold every day. Rowley Drug Co., White Cross Drug Co.—Advertisement.

## FINE SERVICES AT CHRISTIAN CHURCH BY BRUCE BROWN

The services at the First Christian Church were very fine last evening. Brown is growing on his hearers. The quiet, calm, Christian fervor with which he handles his themes and the questions that are asked, is in striking contrast to the perferred "speaking."

Brown has a message, but it is the old, old message. He is very careful when giving his own opinion to call it so. In his sermon last evening on the "Destiny of the Soul, or Where Are the Dead?" he carefully laid down the teachings of Jesus without an affected scholasticism. His charts make the deepest questions plain even to the children present.

## AMUSEMENTS

Madame Sherry, the brightest and most tuneful musical comedy of many seasons, will be with us next Saturday, "matinee and night, at the Grand Opera House. The "Madame" world famous for its charming melody, seems to have lost none of its hold on popular favor, as this is the third consecutive season that the pretty girl show has amused innumerable thousands. In the wake of other seasons, Madame Sherry is remembered for its efficient splendor, its unparalleled scenic equipment, its perfect ensemble, and the corps of unrivaled principal singers. From first to last Sherry is a laugh producer, and the fun is hurried along by complications arising out of a man's love for a maid. The pretty romance of the story asserts itself at proper intervals, just enough to sustain the piquancy of the French farce, and the enchanting melody of music that thrills with the breath of gaiety unrestrained of love, of hate, of all the passions that man can know.

The bewitching strain of "Every Little Movement" brings to mind the edict of the sage, "Than sparkling music, no sentiment can run the gamut of human emotions with nimble tread."

Heading the capable aggregation of musical celebrities is John L. Kearney, who in his favorite character of Theophilus Sherry, should be long and pleasantly remembered. Among the supporters are Lucille Palmer, Clarence Lydston, Grace Duval, Jack Pollard, Edna Robinson, Wallace McDonald, Rosella Fielding and Alex Wallace. The chorus of singing and dancing corymbes is always a bright feature with Madame Sherry, besides its superb orchestra under the notable baton of John A. Raynes. Popular prices will prevail for this attraction.

The style, fit and elegance of our ladies' suits cannot be excelled. E. Blumfeld, 113 E. Fifth Street.

**ANNOUNCEMENT**

## \$1000 RAISED FOR PROTECTION DISTRICT

Repair Work on Olive Street  
Bridge Now in Progress—  
Will Raise \$4000

Frederick Ahlborn, of the committee of the Anaheim Board of Trade for the river protection on the east of Anaheim, today said that the work of that committee so far had been very successful. To date, he said, \$1100 had been raised, but they had every reason to believe that they would be able to increase this amount to nearly \$4000.

This money is being raised by public spirited men in that section of the country whose property lies near the Olive street bridge. Some time in the past an effort was made to incorporate this section into a protection district, but it was voted down. This subscription was later started to protect adjacent property from the overflowing of the river.

Mr. Ahlborn said that the work of building the dykes along the channel would soon commence. The plans are to drive piling along the channel of the river, aiming to keep the river within its bounds of 600 feet. Wire will be placed along this piling and so form entanglements, which is considered sufficient to keep the river from flowing over the surrounding territory.

The cost of such construction is figured at \$750 per mile. It is hoped to be able to build the 600-foot channel as far north as the Santa Fe bridge at Olive. The section below the bridge as far as where the Newbert Protection District begins, will be left unprotected as far as is known at present. Mr. Ahlborn, however, spoke as if steps would be taken to protect this section also.

Work is now in progress at the Olive bridge filling in 480 feet on the east side, and replanking it on the west side. This work is being done just temporarily, for in the spring a new reinforced concrete bridge is planned to be placed there.

## DOCKYARD MEN'S UNION WINS OUT

Obtain Government Recognition—Other Trades Will Now Seek Concessions

LONDON, Nov. 13.—The labor organizations of England today are jubilant over the success of their long campaign to secure government recognition of the Dockyard Men's Union, and they are now planning to obtain similar concessions in other trades.

The Admiralty today officially instructed the Portsmouth royal dockyard authorities to accept hereafter requests for adjustment of grievances may be presented by committees of employees, who "may be accompanied by trade union leaders not employed in government dockyards."

Minor matters will be settled at Portsmouth, but where presentations to the Admiralty itself are necessary the financial secretary will meet the deputations in London. The employees' committees will be paid their traveling expenses by the government, and will receive full wages during their absence from the yards.

## CONVINCING TESTIMONY

Given by Many Santa Ana People

Experiences told by Santa Ana people—Those who have had weak kidneys—Who used Doan's Kidney Pills—Who found the remedy effective—Such statements prove merit. You might doubt an utter stranger. You must believe Santa Ana people.

Here's Santa Ana proof. Verify it. Read. Investigate. Be convinced. You'll find why Santa Ana folks believe in Doan's. Mrs. M. W. Davis, 768 Cypress Ave., Santa Ana, Cal., says: "Doan's Kidney Pills have been used off and on in our home for several years. We have been convinced that they are a reliable kidney remedy. One of the family was severely afflicted with pain in the back and other symptoms of kidney complaint. Several times he had to lay off from work. Doan's Kidney Pills brought him prompt relief and they have always done good work whenever he has used them since. I have publicly endorsed Doan's Kidney Pills before. My former statement still holds good. Doan's Kidney Pills never fail to give the desired results."

## SOME CUTS MADE BY NEW TARIFF LAW

Church Equipment Cheapened—Spectacles and Mint Drops Also Cost Less

By BOND P. GEDDES (Staff Correspondent United Press.)

WASHINGTON, Nov. 13.—The American husband, who has been wont to settle himself in his easy chair, plant his feet on another, and spend Sunday morning reading the newspapers, and also the husband who plays golf whilst his wife and children represent the family at church, will have less excuse hereafter than ever before to "cut" divine service. The new democratic tariff law, it is confidently believed, will make churchgoing cheaper.

For one thing, the import tax of twenty-five per cent, which amounts to about fifty cents apiece on the popular editions of foreign-made Bibles is removed entirely. All down the line of religious supplies, the new tariff aims at retail reductions. Organs are reduced ten per cent in import duty, stained glass windows should be some cheaper, owing to a ten per cent tariff cut; music is reduced ten per cent, and church furniture from seven to ten per cent.

Another series of reductions in the tariff which should make all church supplies cheaper is aimed at all tracts, pamphlets and religious paraphernalia, from which import duties have been entirely removed. Going on the theory that the Democrats, at they promised, would remove or lower import tariffs on all "necessaries of life," the new schedules on religious goods of all kinds show that the National Congress is at least religious and believes religion is a necessity.

Grandma, by the way, should be able to get along with less expenditure, since the tariff has been so cut on spectacles and peppermint drops, that the former should be about fifteen per cent cheaper, and the latter almost as much so.

## SUES HENINGER TO GET BACK PETITIONS

Contractor Says South Sider Refuses to Give Up Documents

Today Max L. Hubermann, the street paving contractor, brought suit against M. R. Heninger, the well known South Side subdivision operator, in order to secure from Heninger two contracts for the paving of Birch street.

Hubermann's complaint, filed this afternoon by Attorneys E. W. and H. J. Forgy, states that on Aug. 11 Heninger received from Hubermann two contracts, to which Hubermann's name is signed. It asserts that Heninger was to circulate and did circulate the documents as Hubermann's agent among property owners on Birch street, and has secured signatures of property owners. Hubermann declares that the documents are his property, and that one of them is worth \$300 and the other \$700.

The superior court is asked to decree that Heninger shall return the papers to Hubermann or have judgment for \$1,000 entered against him. One document is an agreement for paving by private contract of Birch street between Highland and Fairview streets and the other of Birch street between First and Highland streets, the latter being the document that Hubermann asserts is worth \$700 to him.

Accompanying the complaint is an affidavit by Hubermann in which the street paver says that on Nov. 12 he demanded that Heninger return the documents to him and that Heninger said that he did not have to do so and would not do so without the consent of the property owners whose

## YOU'RE CONSTIPATED, BILIOUS!—CASCARETS

Clean Your Waste-Clogged Liver and Bowels Tonight! Feel Bully!

Get a 10-cent box now.  
No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish bowels—you always get the desired results with Cascarets.

Don't let your stomach, liver and bowels make you miserable. "Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.—Advertisement.

A young man lived at some distance from his bride-elect. On the eventful day he set off for the station in good time, but being delayed, missed the train. Then he bethought him of the telegraph. "Don't marry till I come,—William," was the message he sent.—Philadelphia Inquirer.

## IOWA CONVICTS ON ATHLETIC FIELD

Baseball and Football Teams in Strife for Pennant—Ohio Convicts Play Veterans

ANAMOSA, Iowa, Nov. 13.—Following the close of the baseball season during which eight baseball teams of convicts competed for the "prison pennant" before 700 excited prisoners, four football teams have been organized with two college men among the prisoners as coaches, and each Saturday afternoon the prison yard echoes to the signals of the quarterbacks to the men in prison garb, while the backers of each team cheer like undergraduates. Athletics and entertainments are encouraged by the warden and the state board of control, to amuse the interest and spirit of the men in the state reformatory. Not only is there baseball in the summer, but following the football season will come basketball, for which ten teams have already been formed. Moving pictures are shown in the evening to amuse the prisoners, drive troubles from their minds, and convince them that the state, while confining them, has hopes of their future usefulness, and a desire to treat them as human beings.

But just now it is football. No guady sweater with the initial "A" is to be worn by the players. Their pictures do not appear in the daily press and they wear the prison garb, but the 700 prisoners, officials and guards pay homage to the man who makes a touchdown after a long run behind the prison walls, just as they do on Soldiers Field at Harvard. In reporting the games, the numbers given men when they entered, and not their names, are used. A prison reporter's story of a game tells how "7006 carried the ball around the right end, outstripping 6927 and 7102

and making a touchdown before 6798 could tackle him."

**Life's Experience**  
You can drive a boy to college, but you cannot make him think. Some girls never learn to flirt, for the same reason that fish never learn to swim.

If your marriage proves happy, you can say, "I told you so." Otherwise, every one else will say it.

Many a man who had money to burn is sifting ashes.

Most people are so cool in danger they shiver.—Lippincott's.

## BREAKS A BAD COLD IN A JIFFY! TRY IT

#### IN THE JUSTICE'S COURT

## JURORS UNABLE TO AGREE IN THE CASE

Stood Four to Eight in the Second Trial of the Aguayo Case

Yesterday afternoon the jury that tried G. H. Aguayo on a charge of gambling at Anaheim failed to agree. The vote stood four to eight. Aguayo was caught in a raid on a house near the Anaheim sugar factory. The first jury that tried the case disagreed with one man standing for acquittal. Evans of Anaheim defended Aguayo.

**Pleads Not Guilty**  
M. Basquez, charged with following Elizabeth Bithell of Fairview, pleaded not guilty to the charge, and his trial was set for Nov. 26. The woman was driving in a buggy, and Basquez on a bicycle, followed her about town and as far as the race track. The charge is disturbing the peace.
